# SAI PAVAN ADITYA MANTRIPRAGADA

Data Science Student | Profound Interest in Statistics | Sophisticated programmer in Python, R, SQL | Well versed with Power BI, Tableau, Hadoop | Seeking Cloud Expertise for Data Science Applications
Colchester, England, United Kingdom

## Summary

Strong in design and integration with intuitive problem-solving skills. Proficient in JAVA, PYTHON, and SQL. Passionate about implementing and launching new projects. Ability to translate business requirements into technical solutions. As a data science student, I am passionate about using my analytical and problem-solving skills to drive insights and create value. Through my academic background, I have gained experience in machine learning, data analysis, statistical modeling, and programming languages such as Python and R. I am eager to apply my skills and knowledge to a dynamic and challenging role in data science. I am highly motivated to work with a team that values collaboration, creativity, and innovation. I am excited to leverage my technical abilities and work alongside professionals from different fields to find solutions to complex problems. I am confident that my strong work ethic, critical thinking, and communication skills will make me a valuable addition to any team. If you are looking for a motivated and analytical data science professional who is committed to delivering results, please feel free to connect with me.

## Experience

**Greene King**
Retail Specialist
March 2023 - Present (1 year 1 month)
Wivenhoe, England, United Kingdom

**Cognizant**
1 year 5 months

Program Analyst Trainee

August 2021 - July 2022 (1 year)
Chennai, Tamil Nadu, India

Supported products like Content Server, Documentum Administrator, Webtop, xPlore, Rendition products like Insight for Renditions and DocShifter, Documentum and SAP integration Product ASSAP

Project Intern
March 2021 - July 2021 (5 months)
Hyderabad, Telangana, India

Learnt to design and develop Web Applications with Java, Spring MVC and React.

## Computer Society of India
Machine Learning Intern
May 2020 - July 2020 (3 months)
Hyderabad, Telangana, India

Developed an automated process for large-scale data analysis model validation, development, and implementation and deployed new machine learning and statistical approaches for profitable business decision-making.

## The Happy Life Foundation
Mobile Application Developer
January 2020 - February 2020 (2 months)
Hyderabad, Telangana, India
